Profile Summary

A highly motivated and detail-oriented final-year Computer Science student with a strong foundation in software development and programming principles. Passionate about building clean, efficient, and scalable code. Seeking an entry-level Software Engineer position to apply my skills in Python, Java, and web development to solve complex problems and contribute to a forward-thinking development team.

Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Sept 2022 – May 2026

- Malla Reddy University, Hyderabad
- CGPA: 7.33/10.0
- **Coursework:** Python, Java , Data Structures, Web Development, MERN Stack, Artificial Intelligence, SQL

Intermediate

- Alphores Junior college, Mancherial
- CGPA: 7.21/10.0

SSC

- Krishnaveni High School, Mancherial
- CGPA: 10/10

Projects

Blood Buddy | MERN Stack

- Acted as Team Leader to build and deploy a full-stack web application that integrates blood banks, hospitals, and patients.
- Developed the application using the MERN stack (MongoDB, Express.js, React, Node.js) to create a successful platform for immediate blood supply requests and management.

Resume Insight | Python (Data Analytics)

- Built a data analytics tool in Python to automatically parse resume files, using libraries like Pandas and NLTK to extract and analyze key candidate information.
- Successfully transformed unstructured resume text into structured data and generated visualizations to highlight trends and qualifications.

Technologies

Languages: Java, Python, JavaScript

Web Development: HTML, CSS, React.js, Node.js

Database Management: Mysql, MongoDB

Certifications

- Introduction to Python programming (Cousera)
- Introduction to Java Programming (Cousera)

Hobbies

- Exploring new Technologies
- Building new applications
- Playing Chess

Languages

- English, Hindi and Telugu
